

MEGAJAHTA SHADDAI - MEGAYACHT SHADDAI

SVEMOGUĆA OMNIPOTENCE

Koncept jahte od 150 metara dužine koji predstavlja želju da se svet posmatra sa povlašćene tačke gledišta. Svog vlasnika podiže iz mora u nebo, pružajući mu uživanje u pogledu sa vrha, sa mesta gde je sve pod njegovom kontrolom i gde mu ništa ne može promaći.

A 150-metre mega yacht concept that reinterprets the desire to see the world from a vantage point of view. It takes the owner from the sea to the sky, enjoying a top view, a point where everything is on his own sight and control.

KONCEPT: UZDIZANJE

Gabriele Teruzzi svu svoju kreativnost izražava kroz ovaj neuobičajeni koncept. U trenutku kada se našao pred praznim listom papira još uvek nije znao kakav će biti krajnji ishod, ali je imao potpuno jasnu ideju kakav osećaj svemogućnosti želi da unese u svoj projekat. Želeo je da prenese vlasnika jahte na mesto koje pruža osećaj potpune moći. I sam naziv Shaddai znači „svemoguć“, tako da ova jahta nosi ime koje savršeno odgovara glavnoj ideji koju je projektant imao na umu od samog početka.

Ljudska vrsta je od samih početaka težila da se podigne sa zemlje i uzdigne do visina. Postoje veličanstveni primeri ove težnje, kao što su Vavilonska kula i piramide u Egiptu, a u današnje vreme to su veličanstveni oblakoderi koji ukazuju na to da ljudska želja da se dodirnu oblaci još uvek postoji u najmoćnijim umovima. Futuristički oblik ove jahte inspirisan je najsavremenijim dostignućima u arhitekturi našeg doba.

KABINA: NA VRHU

Vlasnička kabina je savršeno mesto za posmatranje zalaska sunca sa jedinstvenog mesta

stvorenog samo za vlasnika ove jahte. To je mesto na kome može doživeti osećaj ogromne moći, okružen beskrajnim morem i nebom, dirajući oblake tamo gde sve odiše njegovim položajem u svetu: na samom vrhu.

Pored toga, koncept bazena daje vizuelni utisak vode koja nema granice, koja se spaja sa nebom.

Na ovaj način vlasnik će doživeti divan osećaj boravka u raju.

LUKSUZNI PROSTOR

Svi materijali i tekstil, koje je sa velikom pažnjom izabrao dizajner, inspirisan radom najvećih modnih kuća u Italiji - odaju utisak 100% italijanskog dizajna. Kombinacija boja i prostorni raspored pruža mogućnost šetanja na ovoj jahti na kojoj snovi i želje postaju stvarnost.

DEO ZA KUPANJE I GLAVNA PALUBA

Deo za kupanje i krmena platforma odlično su povezani zahvaljujući bazenu koji se nalazi na glavnoj krmennoj palubi i koji ih spaja. Na taj način ovaj bazen postaje plafon prostora za zabavu na vodi, dajući mu kvalitet prozračnosti

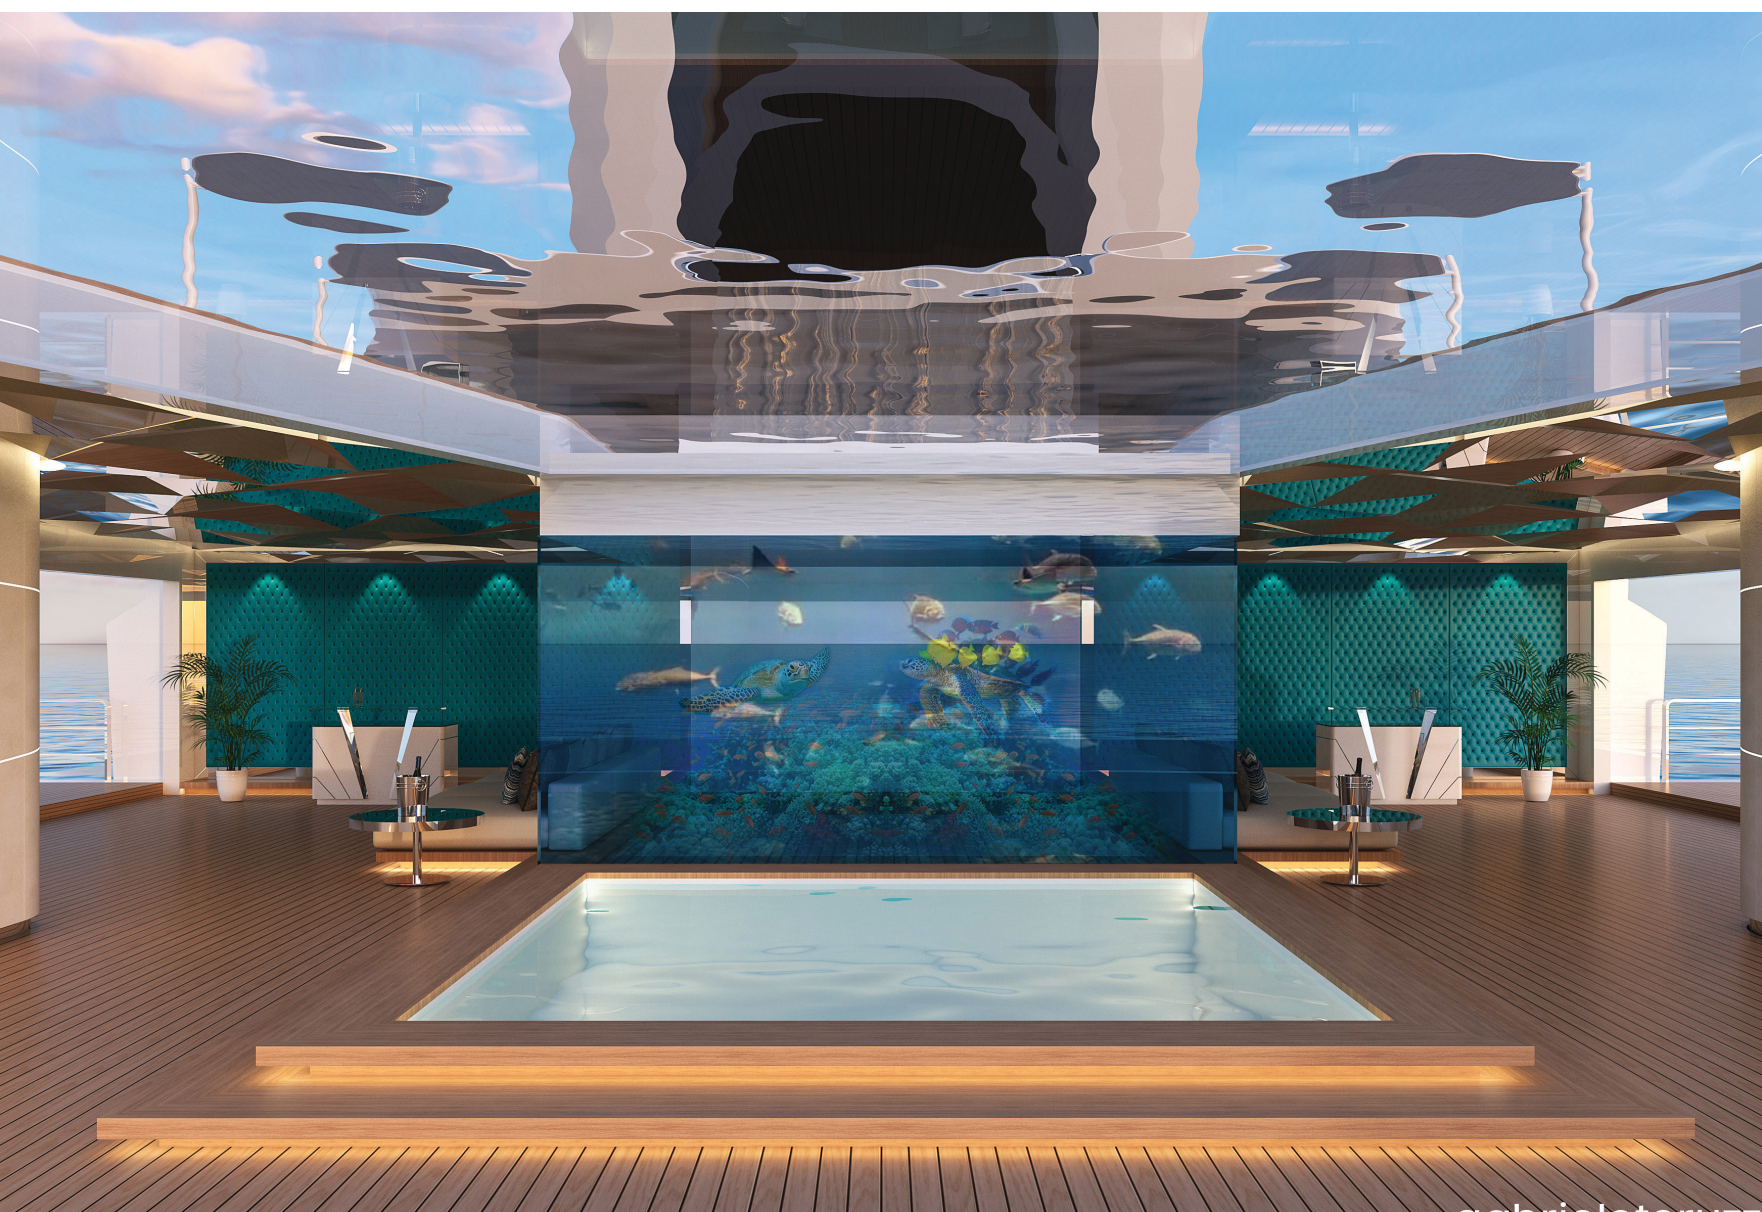

i svežine. Inspirisan najluksuznijim i najekskluzivnijim klubovima na plaži, ovaj prostor za uživanje na vodi godi svim čulima, svojim kvalitetima od samih materijala do rasporeda prostora. Akvarijum koji se nalazi u sredini ovog prostora takođe stvara i jedinstvo između dve strane ove jahte. Specijalna tirkizna boja dva glavna zida, na pola puta između plave i zelene, ima izraziti karakter, veoma često korišćen u modnom svetu i industriji luksuzne robe da se izrazi elegancija.

Glavna krmena paluba je mesto rafiniranog izgleda na kome vlasnik može da uživa u osećaju mira. Zvuk koji stvara vodopad - voda koja se sliva iz bazena sa gornje palube, nosi vlasnika ove jahte na putovanje u svetu emocija.

SHADDAI U BROJKAMA:

- 38 metara maksimalne visine za viseću kabinu
- 150 metara dužine
- 300 kvadratnih metara u delu za kupanje
- 105 kvadratnih metara privatne terase na visećoj kabini

THE CONCEPT: ASCENT

Gabriele Teruzzi expresses all his creativity in this „out of the box” concept. At the moment when he was in front of a blank sheet he still didn't know what the final result would be, but he had a clear idea of the sensation of omnipotence that he wanted to transmit. He wanted to take the owner to a point of extreme sense of power. As a matter of fact, SHADDAI means Omnipotent, so the yacht takes a name that corresponds perfectly to the main concept that the designer had in mind since the beginning. To ascend from the ground has been a desire of the human kind since the very beginnings. There are precious examples like the Tower of Babel, the Pyramids in Egypt, and today the magnificent skyscrapers, and the wish to touch the clouds continues to be present in the most powerful minds.

Futuristic shape of the yacht is inspired by the most contemporary architecture.

THE CABIN: AT THE TOP

The owner's cabin is a perfect place to watch the sunset from a unique place designed for them. From there, they can reach the feeling of a higher power, surrounded by the immensity of the sea and the sky, reaching the clouds where everything reflects their place in the world: at the top.

Furthermore the infinity pool produces a visual effect of water with no boundaries, merging with the sky.

In this way the owner will have a pleasant sensation of being in the paradise.

LUXURY SPACE

The materials and textures chosen carefully by

the designer - inspired by the most important fashion houses in Italy- reflects a 100% Italian designer. Color combinations and distribution of spaces allow a walk on this yacht where the dreams and desires become real.

THE BEACH CLUB AND THE MAIN DECK

The beach club and the main aft deck have a strong connection thanks to the scenographic infinity pool situated on the main aft deck, which joins them.

This pool in this way becomes the ceiling of the beach club, giving it an airy and fresh feeling.

Inspired by the most luxurious and exclusive clubs, the beach club is a place that talks to your senses, from the materials to the distribution of the spaces. The fish tank in the middle of the room divides the spaces but also creates a union between the two sides of the yacht. The teal color of the two main walls, halfway between blue and green, has a strong and distinctive character, very commonly used in fashion and luxury goods industry to express elegance.

The main aft deck is a very refined place, where the owner can enjoy in peace of mind. The sound of the waterfall that falls from the infinity pool situated on the upper deck helps the owner to be transported in this journey of emotions.

SHADDAI IN NUMBERS:

- 38 meters of maximum height for suspended cabin
- 150 meters long
- 300 sq meters of beach club
- 105 sq meters of private terrace on suspended cabin
